TERMINAL DISCLAIMER

Commissioner of Patents and Trademarks
Washington, DC 20231

Sir:

I, Nathaniel R. Quick, hereby state that:

1. I am a citizen of the United States of America, residing at 894 Silverade Court, Lake Mary, Florida 32746.
2. I am the sole inventor of the subject patent application Serial No. 10/716,366 filed on November 18, 2003 for a Laser Synthesized Sensors and Method for Making.
3. I am the sole owner of the entire right, title and interest of the subject pending patent application by virtue of being the sole inventor thereof.
4. I am the sole owner of the entire right, title and interest of United States Letters Patent 5,837,607 by virtue of being the sole inventor thereof.

5. I am the sole owner of the entire right, title and interest of United States Letters Patent 6,054,375 by virtue of being the sole inventor thereof.
6. I have never executed an assignment of either of the subject pending patent application or United States Letters Patent 5,837,607 or United States Letters Patent 6,054,375 and there are no documents regarding the chain of title of the subject pending patent application or United States Letters Patent 5,837,607 or United States Letters Patent 6,054,375.
7. To the best of my knowledge and belief, I am the sole owner of the subject pending patent application and the sole owner of United States Letters Patent 5,837,607 and the sole owner of United States Letters Patent 6,054,375.
8. I hereby disclaim the terminal part of any patent granted on the subject patent application which would extend beyond the expiration date of United States Letters Patent 5,837,607 or which would extend beyond the expiration date of United States Letters Patent 6,054,375.
9. I hereby agree that any patent so granted on the subject patent application shall be enforceable only for and during such period that legal title to the subject patent application shall be the same as the legal title to United States Letters Patent 5,837,607 and shall be the same as the legal title to United States Letters Patent 6,054,375.
10. I acknowledge that this Agreement shall run with any patent granted on the subject patent application to be binding upon the grantee, its successors or assigns.
11. I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may

jeopardize the validity of the application or any patent issuing thereon.
